

第41回パリ大会採択論文

*責任著者

	No.	TITLE
1	A1-104	Air-cooled generator having competitive performances to conventional H2-cooled machines K.Hattori*, K.Takahashi, A.Semba, T.Kakimoto, T.Watanabe (Japan)
2	A1-206	Experience of replacement of water-cooled generator with hydrogen-cooled generator H.Katayama*, S.Takahashi, H.Nakamura, H.Shimada, H.Ito (Japan), Gert J Coetzee, Fred A Claasens (South Africa)
3	A2-106	A new technique for diagnosing internal abnormalities in oil-filled transformers T.Kawamura, T.Kobayashi*, N.Hosokawa, Y.Ebisawa, Y.Shirasaka (Japan)
4	A3-205	Reliability and electric stress surveys on high-voltage circuit breaker in Japan Y.Nakada, I.Takagi, M.Shin, J.Kida, M.Toyota, H.Ito*(Japan)
5	A3-303	Severe duties on switching equipment of 500kV transmission system in Japan T.Shirato, K.Yokotsu, H.Yonezawa, J.Kida*, T.Yokota, T.Sugiyama(Japan)
6	B1-104	Demonstration and verification test results of 500-m HTS power cable M.Ichikawa, T.Takahashi, H.Suzuki*, T.Okamoto, S.Mukoyama, M.Yagi (Japan)
7	B1-105	A.C. Ultra-long distance XLPE submarine cable interconnection to island S.Honda, T.Kai, S.Sakuma, H.Orito, K.Nakayama, S.Watanabe (Japan)
8	B1-303	Recent improvement of installation technology for XLPE cable in Japan K.Fukuda*, T.Aiba, N.Takinami, T.Aoki, M.Mitani, S.Sakuma (Japan)
9	B2/D2-105	Kyushu Electric's ERP system development and operation in overhead lines system T.Uemura, T.Oiki*, M.Oka, Y.Nishioka (Japan)
10	B2/D2-106	Development of power transmission line inspection system by unmanned helicopter Y.Shimo (Japan)
11	B2-306	Technique for detecting corrosion part of OPGW F.Minoura*, K.Adachi (Japan)
12	B3-105	Reuse technology of EHV substation equipment for optimized use of substation assets H.Yonezawa*, T.Kobayashi, Y.Ichikawa (Japan)

	No.	TITLE
13	B3-204	Improvement of Hybrid-GIS (MTS) in Japan based upon service experience T.Yokota*, K.Tokotsu, K.Kawakita, H.Yonezawa, T.Sakai, T.Yamagiwa (Japan)
14	B3-205	Advanced substation maintenance making best use of knowledge database K.Nakahito*, D.Takayama, Y.Hasegawa (Japan)
15	B5-209	Experiences and evolution of special protection systems in Japan J.Tsukida, H.Kameda, T.Yoshizumi, T.Matsushima, Y.Kawasaki, M.Usui* (Japan)
16	C1-107	Methodology of power system redesign aimed at reducing capital investment and maintenance costs for aged assets M.Yagi, M.Hamano, T.Kaizuka, A.Matsuda* (Japan)
17	C2-304	Development of a management system for “Electric power system council of Japan (ESCJ)” T.Watanabe, Y.Takabayashi*, K.Kaneko (Japan)
18	C3-103	Environmental impact of heat pump water heaters and distributed cogeneration systems from the viewpoint of residential customers H.Sugihara, K.Tsuji* (Japan)
19	C4-103	A Pole-Mounted transformer model for the assessment of transferred lightning surges from a distribution line to a consumer entrance T.Noda*, H.Honda, A.Asakawa, T.Shindo, S.Yokoyama (Japan)
20	C4-304	High frequency switching surge in substation and its effects on operation of digital relays in Japan S.Agematsu, Y.Obata, S.Tomita, H.Iwatani, M.Hori, T.Matsumoto* (Japan)
21	C5-212	Features and early-stage evaluation of Japanese electricity market design consistent with energy security and global environment A.Yokoyama, J.Naito*, S.Yoshida, T.Shinji, H.Asano (Japan)
22	C6-305	Regional power grid with renewable energy resources: A demonstrative project in Hachinohe Y.Fujioka*, H.Maejima, S.Nakamura, Y.Kojima, S.Ishioka (Japan)
23	D1-106	New development for detecting partial discharge using an UHF method and its application to power apparatus in Japan M.Hanai*, F.Endo, S.Okabe, T.Kato, H.Hama, M.Nagao (Japan)
24	D1-206	Cross-equipment evaluation of material techniques in electrical power apparatus H.Okubo, S.Okabe, H.Murase, H.Hama*, M.Hikita, Y.Shirasaka (Japan)
25	D1-303	Superiority in partial discharge resistance of several polymer nanocomposites T.Tanaka*, Y.Ohki, T.Shimizu, S.Okabe (Japan)

	No.	TITLE
26	D2-202	Behaviour of the disaster resistant communication systems utilizing IT technologies by electric power companies in Japan M.Yamasaki, H.Hokanishi*, K.Sakaguchi, S.Kawashima, K.Sawada (Japan)
27	D2-304	Application of IP networks at electrical power companies in Japan K.Hayashi*, S.Ohnami, S.Ishii (Japan)
